

# Census 2021

Office for National Statistics

The census is coming. This is a questionnaire to collect information about everybody living in England and Wales.

You will receive a letter in the post about the census. This will include an access code for you to use to fill in the questionnaire online.

The census is very important and everyone needs to take part. Your answers are used to help to inform decisions on services that shape your community, such as schools and doctors' surgeries.

Census Day is Sunday 21<sup>st</sup> March. You can fill yours in online as soon as you get your access code in the post.

If you need help to complete the census, you can ask a family member, friend or support worker.

You can also visit [www.census.gov.uk](http://www.census.gov.uk) or call 0800 141 2021 for a wide range of support services available, including the option to fill it in over the phone, or to be sent a paper form to fill in.
