

# Office to rent available!

Barnet Mencap are a charity for people with a learning disability and autistic people, and we're based in Finchley Central, just a couple of minutes' walk from Finchley Central Underground Station, and on several bus routes.

We're looking for new tenants for the office space next door to us, which includes one large open office room, a smaller office, a reception area, a store cupboard, kitchen and toilet. It also comes with one parking space.

**Please get in touch if you'd like to know more, see more photos or come along to take a look around!**
